

Weekly COVID update. In the last week, we have one person that reported a positive test associated with the school. If you or your child was a close contact, they have been notified.

Our school district follows health guidelines for the management of individuals who have been diagnosed with COVID-19. Our school district follows these guidelines to protect the safety of our students, families, and staff.

It is important to watch for COVID symptoms. Common symptoms include fever, cough, and shortness of breath, diarrhea, abdominal pain, and loss of smell or taste.

Two things that really help slow the spread of COVID is to stay at home if feeling sick and if at school practice good social distancing policies to avoid close contacts.
